**Anti-Influenza Vaccination Drive**

Dear Parents,

Greetings from IISB

At International Indian School Buraidah, the health, safety, and well-being of our students and staff are always our top priorities. As we enter flu season, we are pleased to partner with health authorities to host our Seasonal Influenza Vaccination Drive. The vaccination team will consist of a doctor, a female/male nurse, a health inspector and assist director of PHC.

Flu viruses spread quickly among school-aged children, often leading to missed school days and discomfort from fever, fatigue, and body aches. Providing your child with a flu vaccine is a simple, proactive step to protect their health and help keep our classrooms safe and healthy for everyone.

**Please Note:** The seasonal Anti- influenza Vaccination drive will be conducted on 28 September 2026, Monday during school hours

**Consent is required:** Students under 18 must have parental/ guardian consent to be vaccinated.

Warm Regards,

Principal (Interim)

**CONSENT FORM**

I, Dr. / Mr. / Ms. \_\_\_\_\_ hereby accord my **Consent / No Consent** for administering Anti- Influenza Vaccine to my ward.
